## Instructions for Borrower

A person (including a financial institution, a governmental unit, and an educational institution) that receives interest payments of \$600 or more during the year on one or more qualified student loans must furnish this statement to you.

You may be able to deduct student loan interest that you actually paid in 2021 on your income tax return. However, you may not be able to deduct the full amount of interest reported on this statement. Do not contact the recipient/lender for explanations of the requirements for (and how to figure) any allowable deduction for the interest paid. Instead, for more information, see Pub. 970, and the Student Loan Interest Deduction Worksheet in the Instructions for Forms 1040 and 1040-SR.

**Borrower's taxpayer identification number (TIN).** For your protection, this form may show only the last four digits of your TIN (social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN)). However, the issuer has reported your complete TIN to the IRS.
